iNCREDi BOWL

Once upon a time, there wasn't a need for the term organic...

iNCREDi BOWL's recipes in this menu are ode to those days. We have kept our recipes pure, simple and mostly organic. We rely on natural ingredients and age old cooking techniques to bring out the flavours and taste profiles. We have consciously kept our meat offerings grass-fed, poultry free range, and even our vegan recipes closer to nature, staying away from processed vegan alternatives. None of our ingredients include Monosodium glutamate (MSG) nor any preservatives / artificial taste enhancers

We started as a neighbourhood take away kiosk post Covid, thanks to long shut-downs that forced our then established food distribution business an unceremonious closure. But best things are quickly accepted and celebrated by Singaporeans and so we continue to grow slowly and steadily.

We constantly introduce new recipes - that are nourishing - as and when we lay our eyes on different cultures. Warm Quinoa drink of Peruvian origin, for instance, has made it to this menu update. Chickpea pancake (vegan) of Indian origin, Ugandon Rolex (we fell in love with the name as much with the recipe!) from, of course, Uganda!

Every recipe in this menu has been taste tested thoroughly, so we are positive you will enjoy each of them.

Bon appétit

iNCREdi BOWL

a note on biopak compostable bowls

kindly note we serve our acai bowls in compostable **Biopak plastic bowls**. This is purely due to lack of local workforce for dish washing related works in Singapore. We seek your understanding in this regard. However, we ensure that our packaging requirements are compliant with our ethical standpoint about environmental impact.

to know more about the environmental impact of our plastic usage, please visit <https://www.biopak.com/sg/> and refer to product life cycle .
